PROFESSIONAL SUMMARY

Motivated and detail-oriented Junior Frontend Developer with hands-on experience in building Progressive Web Applications (PWAs) using React, Redux, RTK Query, and TypeScript. Proven ability to lead teams and handle full-cycle project development. Adept at writing clean, maintainable code and delivering high-quality user interfaces using modern frontend technologies and UI libraries.

EXPERIENCE HISTORY

JUNIOR FRONTEND DEVELOPER

ASSIST 360 / 06/2024 - PRESENT

- Developed and maintained a full-fledged PWA application for claim invoice management.
- Led the development of a separate project as the team leader, overseeing planning, implementation, and delivery.
- Utilized **React**, **Redux**, **RTK Query**, and **TypeScript** to build scalable and maintainable frontend architecture.
- Integrated APIs using **Redux** and **RTK Query** for efficient state and data management.
- Collaborated with design and backend teams to ensure seamless and responsive UI.

PROJECT

Claim Invoice Management PWA (Team Lead)

- Spearheaded the development of a Progressive Web App for managing and processing claim invoices.
- Built the frontend using **React**, **Redux**, **RTK Query**, **TypeScript**, and **Material UI**.
- Responsible for API integration using **Redux** and **RTK Query** for efficient state handling.
- Led a team of developers, conducted code reviews, and ensured successful project delivery.
